Own Your Own Energy

by Alla Svirinskaya
\$25.00

Just as no two fingerprints are alike, so too are we all different in our energy signatures. Through decades of experience running a successful healing practice, internationally renowned healer Alla Svirinskaya has observed time and again that in order to achieve true, sustainable wellbeing and live authentically we must live in alignment with our unique energy frequency. In other words, we must own our energy. Otherwise, it will be owned and overpowered by the energy of others. In this book, the reader will discover how to: find their unique "energy ID" and use it to navigate difficult situations, tune in to the energy around them and identify the positive from the negative, block toxic energy from infecting their own aura and match with energy that is true to their unique

frequency. Readers will gain a completely new awareness of how the energy of other people can sabotage their wellbeing—or, paradoxically, allow it to prosper in the vast sea of human wavelengths.
